

Recent changes to the Centers for Disease Control and Prevention's National Respiratory and Enteric Virus Surveillance System (NREVSS) has led to a loss of hospitals participating in NREVSS for the North region. Those changes are reflected in the most recently published RSV tables and graphs. The Florida Department of Health is reaching out to hospital laboratories to strengthen Florida's RSV surveillance system.

Weekly RSV Surveillance Data by North Region			
Reported From 8/28/2013 To 9/7/2013			
Period	Total Tests	Positive Tests	Percent Positive
8/31/2013	75	10	13
9/7/2013	72	7	10
